THE WONDERFULL VOICE
OF

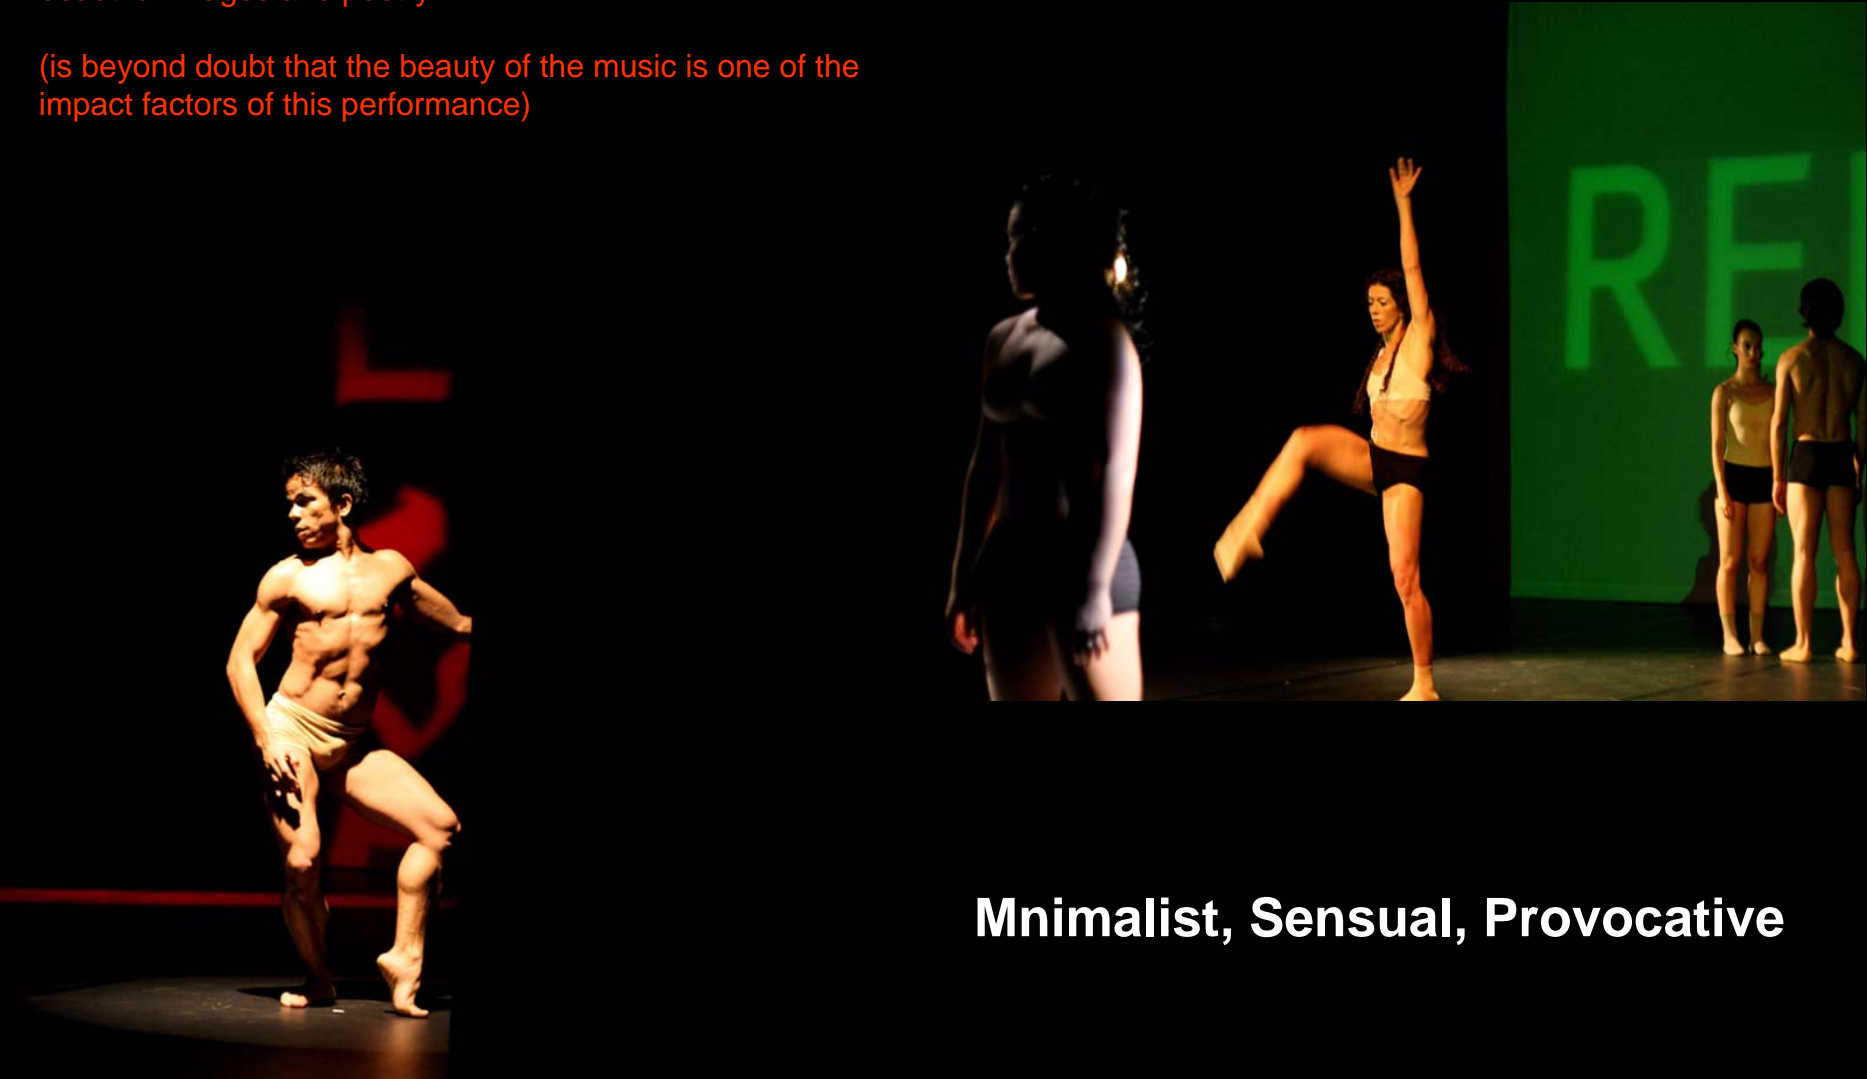

CONTRATENOR
MANUEL BRÁS DA COSTA

Seven soloists dancers, and 10 musicians, join in soul the lyrical singer, interpreting, Haendel, Vivaldi, Corelli, Xenakis...

giving body to this wonderful night of dared dance, full of beautiful images and poetry.

(is beyond doubt that the beauty of the music is one of the impact factors of this performance)

Mnimalist, Sensual, Provocative

LOVE THE EARTH

A very successful cultural and artistic project that invokes the respect for the environment.

Inspired in the urgent needs of our planet, that we need to maintain "alive".

Enriched with the innovativest digital audiovisual technologies, alive classical and contemporary music, the piece creates a mystical, scientific, poetic, and dreamlike atmosphere wich involves the public in a positive hipnotic kind of feeling.

The performances go beyond the pure and formal dance performance structure.
